

Ashbeach Governor Newsletter

October 2022

Dear Parents/Carers and Staff

Life is never simple, covid recedes and the energy crisis rears its head!

Luckily the school had a great deal of energy saving work completed last summer, with grants from the LA, which should help our costs-fingers crossed.

New school year and new headteacher, new PM and sadly a new Monarch.

I am sure there will be a few changes in wider society and in school which I am sure you will support as the school moves forward to give the children the opportunity to make up for any 'learning' they missed during covid.

Hopefully the children spent time reading for pleasure during the summer. Did they participate in the Library summer challenge?

The development of the outdoor all weather sport area, increasing it in size is looking amazing and I am sure the children are enjoying using it.

I hope to be able to spend more time in school as covid recedes, especially at events where I can meet and chat to families.

The staff have been working hard to support and encourage your children to achieve their potential, I hope their life is simpler now covid restrictions are receding. The governors would like to thank them for their commitment over this challenging time.

Enjoy the half term holiday!

Best wishes - Stay well
Joan Morters Chair of Governors
