

Ashbeach Governor Newsletter

February 2021

Dear Parents/carers and Staff

Well, we made it to half term. Well done to you all-children, parents and staff. I hope you all had some fun, despite the weather which was a bit warmer, though not much drier.

I had my jab on the 11th and am a young 68 with no health issues so, the government are a head of their target which means there is hope for after Easter life may get easier.

World Book Day 4th March 2021

This is a charity funded by publishers and booksellers in the UK and Ireland

Take part by dressing up as a character from a book take a photo and email to me and I will create a World Book Day March newsletter with all your photos for the Ashbeach family. Check out their website for things to participate in. www.worldbookday.com

WORLD
BOOK
DAY

I have had a few of your views back but please do take a couple of minutes to email me with your views, we as governors really do want to know what you think.

As governors we are expected to survey parent/carer views so I would like to ask you two questions, and ask you to respond directly to me at Chair@ashbeach.cambs.sch.uk or you can pop your response into an envelop addressed to me and I will collect them from the school office. I would normally do this face to face especially with the children or use the school council but in these Covid times this is not possible.

Firstly, is there anything we could do better or differently from your point of view?

Secondly can you tell me something the school does well, as it is always good to have positive feedback?

I would also like to ask the children the same questions, and it would be useful for me to know roughly what age they are, so if you could ask each of your children the same two questions and do let them tell you what they think, obviously older children maybe able to write them down for me themselves.

I will collate the responses and feed them back to you after I have discussed them with the headteachers and governors.

Best wishes - Stay well
Joan Morters Chair of Governors
